With Winter Lights on the horizon, the theme for our next issue will be **Visions**, so please contribute your experience, strength and hope on this topic. Some questions to consider:

- What are your visions?
- How have your visions changed over the course of your recovery?
- What steps are you taking to realize your visions?
- How are you going to pay for your visions?
- Have you manifested your visions? We want to hear about it!!
- Reflect on the visions pamphlet: what speaks to you most deeply about visions in DA?
- Is there something else you'd rather write about? Do it!

Let's hear about your plans for recovery and realizing your beautiful visions!
